Hallo 10.2.e

Bedankt voor je email. Duidelijk. Ik heb er nog een keer bij AGT op aangedrongen dat de letter of intent wordt getekend en dat jullie met die partij contact willen hebben. Ik ga verder wel aan de slag met de informatie die we nu van jullie hebben ontvangen. Overigens heb ik een offerte van 10.2.e en heb nu ook contact met 10.2.e. Woensdag spreek ik 10.2.e dus 11.1
 Ik hou je op de hoogte.

Groeten,

10.2.e

Beste 10.2.e

Ik heb zojuist nog even met 10.2.e besproken, 10.2.a

10.2.a

10.2.a Een officiële offerte kost meer tijd, mede aangezien ook de afdeling Juridische Zaken hier naar moet kijken.

Groeten,

10.2.e

Hi 10.2e

Naar aanleiding van de bespreking van gisteren heb ik bijgaande brief verwoord zoals we verder kunnen doen aan consultancy, training education etc in Saudi Arabie. Bijgaand een concept. 10.2e 10.2e (NFI Accountmanagement) gaat verder werken aan een offerte op basis van het aantal uren zoals we genoemd hebben.

Ik stuur meteen een cc naar mijn collega's, dus als die aanvullingen hebben, neem ik die meteen mee. Graag verneem ik commentaar of je er nog iets anders in wilt hebben.

Met vriendelijke groet,

10.2e

Dear 10.2.e,

first of all thank you very much for your support and I am sure Abu Dhabi Police will appreciate meeting you again.
 I will be the one who will take the lead on coordinating the Visit along with you and Abu Dhabi Police. Kindly advice what Data will be fine for you to arrange the trip.
 Usually The police need 4-6 week to get Travel approval.
 after you advice on 2 or 3 date what suitable for your schedule I will discus with 10.2.e and get back to you.
 best regards,
 10.2.e

Hi 10.2.e

Als je nog zijn email adres hebt, dan verneem ik graag. Ik had ook een contactpersoon via een ander bedrijf in 2010 gehad. Overigens zijn er 3 mensen naar onze digital imaging school geweest. 11.1

Dear [10.2.e]

As discussed today I received a request from [10.2.e] from AGT regarding a visit to the NFI by [10.2.e] [10.2.e]. He is [10.2.e].
[10.2.e] the Abu Dabhi Police Forensic Science Department.

In your reply to confirmed that you have met [10.2.e] and that he and [10.2.e] are welcome at the NFI. I have proposed to [10.2.e] that you contact [10.2.e] to let him know that [10.2.e] is welcome and that it is probably best if [10.2.e] arranges the details of the visit. I have a yahoo email address if you need it.

Regards,

[10.2.e]

Hi,

Deze 10.2.e van de Abu Dhabi Politie wil langs komen, ik denk erover dat op 26 juni te doen, aangezien dat de enige datum is dat ik kan. Is grotendeels op video/beeld en ik denk ook CSI-lab. Ik zal e.e.a. verder proberen in te vullen, aan de hand van de wensen. 11.1

11.1

@10.2.e : wil jij hem ook spreken op die dag ?
 @10.2.e : is er mogelijkheid voor bezoek aan CSI-lab ?

Groeten,

10.2.e

Dear 10.2.e

I have lost the e-mail you sent some days ago about picking up on the possibility of a visit to NFI by Abu Dhabi Police 10.2.e

We are still very interested in visiting NFI with a view to developing our capability here in Abu Dhabi. An opportunity to see what the current state of the art is in NFI would be very helpful.

10.1.c
 10.1.c We have been in contact with a company AGT who may well have approached someone at NFI already, but I am not aware if anything has come of it.

For us the best timing for a visit would be towards the end of June, 20th has been suggested.

Anything you can do to facilitate a visit would be most welcome.

I have cc'ed 10.2.e into this message, he is the 10.2.e which is responsible for this work.

Best regards,

10.2.e

Dear [10.2.e],

As discussed today I received a request from [10.2.e] from AGT regarding a visit to the NFI by [10.2.e]
[10.2.e], He is [10.2.e]
[10.2.e] the Abu Dabhi Police Forensic Science
Department.

In your reply to confirmed that you have met [10.2.e] and that he and [10.2.e] are welcome at the NFI. I have proposed to [10.2.e] that you contact [10.2.e] to let him know that [10.2.e] is welcome and that it is probably best if [10.2.e] arranges the details of the visit. I have a yahoo email address if you need it.

Regards,

[10.2.e]

Hoi 10.2.e

Bezoek aan het CSI-innovation-lab is bijna altijd mogelijk. We doen namelijk continu ons best om er voor te zorgen dat er altijd wat te zien is. 10.2.e beheert de agenda van het CSI-innovation-lab en hij is bij deze nu ook op de hoogte. We zetten dit bezoek vast in de agenda met een vraagteken erbij.

Hoi 10.2.e

Ik zou 10.2.e graag willen spreken. 10.2.e en ik zijn in AD bij het Forensic Evidence Department langs geweest en hebben toen met zijn ondergeschikte 10.2.e en met zijn baas 10.2.e 10.2.e gesproken. We hebben toen nav het bezoek een voorstel gedaan waar nooit meer een reactie op is geweest. 11.1

Op 26 juni heb ik eigenlijk een andere afspraak, maar misschien kan ik wat verzetten. Ik hoor graag als je een afspraak hebt gemaakt.

Groeten,

10.2.e

Hej hej,

In ieder geval komt er op 4 juli een delegatie. Mijn verzoek is nog om aanvullend op het programma dat 10.2.e stuurde (en waar dus nog een DT-spreker bekend moet worden) ook een demo van MTK en Xiraf te koppelen. 10.2.a Is dat mogelijk?

Dan is er ook een sessie op 27 augustus. De directeur komt dan langs aansluitend op de EAFS.

10.2.e had dan nog een derde verzoek. Daarvan zoek ik nu even uit of deze 10.2.e ook van dezelfde organisatie is. Als dat zo is, dan zou ik voorstellen om zijn bezoek samen te laten vallen met 27 augustus.

Groeten,
10.2.e

Hoi 10.2.e

10.2.e en 10.2.e waren hier afgelopen maandag. 10.2.e en 10.2.e hebben het DT-gedeelte verzorgd. Of er iets uit deze contacten voortkomt weet ik nu nog niet. 10.2.a

10.2.a
Zij zullen mij hiervoor nog de input sturen. In dat licht zou ik 10.2.e 10.2.e wel willen ontvangen, al snap ik nog niet helemaal wat het doel van zijn bezoek is. Weet jij daar meer over? Is het puur op DT gericht of breder?

Op 27 sept zou ik zelf wel tijd hebben, op 28 sept niet.

Groeten,

10.2.e

Dear 10.2.e

Thank you very much, we indeed had the visit of 10.2.e and 10.2.e last week. I could be available at the morning of 27 September, so a half day visit is feasible. We would like to know which topics you are interested in, so we can prepare the visit in a most proper way.

Onderwerp: RE: NFI site visit

Dear 10.2.e,

Concerning the first responders, it might be good to have a visit at the police themselves, so perhaps the Digital Investigation office in The Hague might be good to visit. Of course for the rest you are more than welcome to visit us.

Best regards

Dear [10.2.e],

I rechecked with [10.2.e] and he is fine with general informations on below subject.

[10.2.a]

I am not sure if the time will allow us to do so, otherwise a general informations will be also great if its possible.

best regards,

[10.2.e]

Dear 10.2.e

As discussed today I received a
request from 10.2.e from
AGT

regarding a visit to the NFI by

10.2.e

10.2.e

10.2.e

10.2.e

10.2.e

10.2.e the Abu
Dabhi

Police Forensic Science
Department.

In your reply to confirmed that
you have met 10.2.e and
that

he and 10.2.e are welcome at
the NFI. I have proposed to 10.2.e
10.2.e

that you contact 10.2.e to let
him know that 10.2.e is
welcome

and that it is probably best if
10.2.e arranges the details
of
the visit. I have a yahoo email
address if you need it.

Regards,

10.2.e

Bijlagen: Video and Digital.pdf

Dear 10.2.e and 10.2.e

Thank you for your visit. Please find enclosed the presentation, and at www.enfsi.eu you find more information on the working groups of ENFSI, where the Forensic IT and Digital Imaging Working groups might be of interest.

**Digital and Image
 Video Analytics**

10.2e
 Digital Technology &
 Biometrics Department
 Visit United Arab

**Netherlands
 Forensic Institute**

Outline

- Introduction
- Cyber forensics
- Challenges and opportunities
 - Digital Identity management
 - Biometrics
 - Where, who, what, why
- Summary

DT&B department

Biometrics (40 FTE)

- document analysis
- handwriting analysis
- printer and typewriter analysis
- fingerprint analysis
- speech and audio analysis
- image analysis and biometrics
- traffic accident analysis

Digital Technology (24 FTE)

- hardware
- data communication
- cryptology
- reverse engineering
- data analysis

10.2.e

- 40% cases: > 200 complex cases per year
- 40% R&D: ± 20 projects
- 20% knowledge center and technology watcher
 - police training
 - advice to ministries and policymakers;
 - (international) cooperation

**Casework: Chip cards, Electronic devices
 Computers, Networks, phones, cell site analysis**

Casework: Audio and speech, Biometric devices

10.2.e

10.2.e

10.2.e

Casework: Image analysis, 3D modeling

10.2.e

10.2.e

Outline

- Introduction
- Cyberforensics
- Challenges and opportunities
 - Digital identity management
 - Biometrics
 - Where, who, what, why
- Summary

NFI cybercompetencies

Top 3 type of cases: child abuse, murder, fraud
 Top 3 type of analysis: mobile phones, harddisks, data analysis

Phenomenon:

- Cybercrime: skimming, phishing, botnets, ...
- Cyber espionage: industrial, political
- Cyberwar: attacks on vital infrastructures
- Cybersecurity: protection
- ..

Action: create data, exchange data, delete data

Digital traces: data and metadata **Focus NFI**

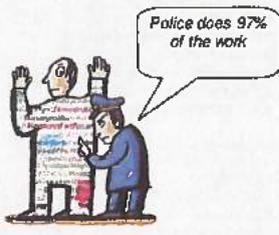

Example world wide cybercrime world wide

Encryption

- Certificate issuing by Diginotar used by Dutch government
- Diginotar attacker had access to systems on 10 July 2011
- Man in-the-middle attack in Iran on gmail August 28 2011 detected by citizen
- All certificates of Dutch government revoked, severe implications on privacy peoples tax and customs administration

Focus on data

Make data readable

Challenge: many formats, old & new, non-standard

- Tool and library development
- Reverse engineering

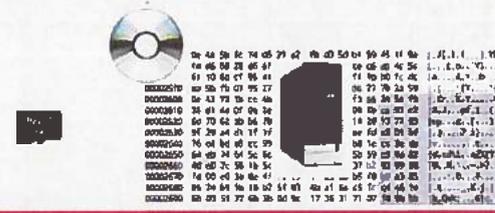

Discover the technological principles of a system (e.g. software or communication protocol) through analysis of its function and operation

NETHERLANDS FOR FORENSICS INSTITUTE

Trace Recovery & Analysis

Trace-analysis is the expertise to conserve, detect, repair, undelete, decrypt, find, structure and interpret data and traces on any case related digital medium.

NETHERLANDS FOR SCIENTISTS INSTITUTE

Trace-analysis Expertise (2)

- Standard cases
 - Retrieving (deleted) data from a password protected, encrypted, wet or otherwise damaged hard drive or USB-stick
 - Reconstructing a time-line of digital events.
Example: start up, logging in, making a document, chatting, getting e-mail
 - Finding specific data based on catchword, date/time, size, format.
Example: a picture in an outlook email that was zipped and then deleted.
- Specific case
 - Breaking open the biggest collection of images of child exploitation found so far in The Netherlands (more than 50 million images)
- R&D
 - Xtra! software

Organise data

Problem: large amounts heterogeneous data

XIRAF: software that makes searching through data easy and fast

- No technical knowledge needed were to find information
- Most dataformats are instantly available
- Tactical and technical detectives
- 150 users, 30 cases, 250 terabyte
- Many big cases: child abuse case Amsterdam
- Automatic Indexation, 4 terabyte/hour, new case available within 24 hours
- different views

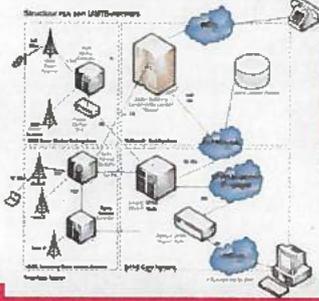

NETHERLANDS FOR SCIENTISTS INSTITUTE

Trend: Virtualization

- Data can be stored in "The Cloud"
 - Everything is virtualized
 - Storage
 - Servers/Computation
 - Network
 - Challenge:
 - locate supplier
 - locate data in a country
 - locate data in the datacenter
 - locate data in the rack
 - locate data in the disk cabinet

Location mobiles

GPS data

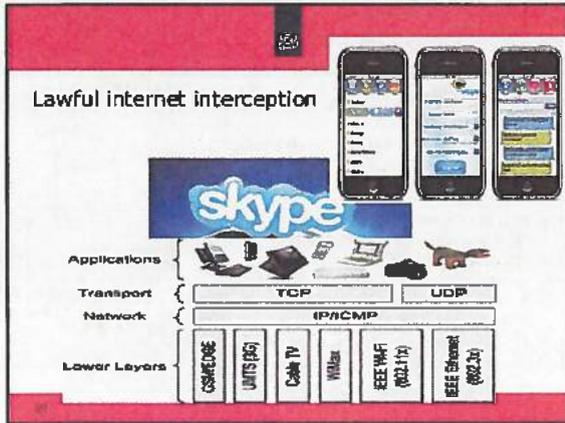

Google Introducing Google Latitude

10.2 e

Google Latitude

Interpret data

Challenge: data is not self-explaining 10.2e

Add models and analysis to support interpretation

- Scenario analysis
- Timeline analysis
- Geographical models: e.g. location of cell phones
- Analysis of images / video / audio
 - Size
 - Speed
 - Face recognition
 - Speech recognition
- Author recognition

Interpret data

Problem: data derive meaning from relationships to each other → find patterns

Intelligent Data Analysis
Structure, analyze, link and interpret data with data/text/process mining, (social) network analysis, profiling and classification methods

Extract data

Challenge:

- Access: data is damaged, password protected, encrypted, deleted
- Data is volatile: interesting digital traces disappear when the device is powered off, gets a automatic update or is wiped
- Too many different mobile phones and electronic devices
 - focus on chips: chip forensics and silicon forensics

Solution : Repair NFI Defraser : open source repair video carving

Extract data

Challenge:

- Who ? Attribution can be difficult in cyberspace
- What ? Is the data reliable, protocols
- When ? At what time
- Where ? Juridictions etc.
- Combining evidence

206

Noise pattern Camera identification

Challenge : which camera made the image ?

02.10.11 37 / 40

207

Casework links

A

B

208

Casework

- Example where it worked

209

Fingerprint protection

10.2

Possibility : hacker tool

USB-Snoopy

- Open source project
- Sniffer in form van driver

10.2

Sniffer to tracking software

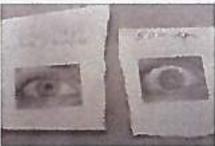

Modification
Storage of images

10.2

User Concerns

- Biometric may be stolen
- Identity theft
- Increased chances of capture/coercion
- Authentication failure
- Operator/administrator misuse
- Audit trail reveals personal information
- Use without consent
 - Giving biometric by accident
 - Covert collection of biometric
- Function creep
 - Database searched for criminal suspects

Challenges

Critical systems

- Shut down?
- Copy?
- Ignore?

Virtualization storage, networks, servers

- Locate the data?
- Whose jurisdiction?
- Who is the owner?

Shielding

- One time use phone / email account
- Encryption / keys get stolen
- Closed networks and forums

Challenges

- Increasing amounts of data
- Keeping up-to-date in methods and technology
- War for talent
- Technology is used more broadly and by more people
- Expertise is not enough, validation is needed
- Standard work in efficient operations

Required: closer co-operation,
internationally and public-private

10.2.e

Van: 10.2.e@nfi.nl>
Verzonden: woensdag 26 september 2012 14:06
Aan: 10.2.e
Onderwerp: RE: NFI site visit

Hoi 10.2.e

Ik kan hier helaas niet bij zijn. Mochten er concrete verzoeken voor diensten van het NFI aan AD Police komen, dan hoor ik het graag.

Groeten,

10.2.e
